## Summer 2016

What an action packed term! Read all about our adventures this summer.

### GARDEN PARTY

This term we decided to have a garden party to celebrate the Queen's 90<sup>th</sup> birthday.

We sang songs from each decades that the Queen has been alive. Mr. Robinson did a speech about the Queen and gave out leaflets.

We came back to school to have afternoon tea. It was very tasty.

Menna & Jessica

### NTS EXPERIENCE DAY

*When the year 5s went to the Nelson Thomlinson for an experience day. We did a range of activities: dragons den, textiles, big bangs and the samba band at lunchtime and it was all really good fun!*

*By Reece and Levi*

### Cricket Tournament at Lanercost

A group of children went to Lanercost to play cricket. A group of schools took part in the tournament. We played three schools. We won one game and we lost one and drew one. We didn't get through but we still enjoyed the day nonetheless.

Peter

### FRIDAY AFTERNOON PROJECTS

This term on Friday afternoons we have been working on our war projects. Our projects could be about any war e.g WW2, WW1, The Falkland War etc. Included in our projects there had to be an introduction explaining why you chose the war that you chose, a letter maybe from a injured soldier, a model, a piece of artwork and a fact file.

Hazel & Annabel

### Murder Maths!

This term our teacher -Miss Wilson- introduced murder maths to us. Every week on a Thursday we have had to solve a different mystery. Our most recent mystery is the murder of the two Ofsted inspectors. They ate some poisoned chocolate cake and Miss Gregory poisoned it!! We worked in teams of 4-5 and solved clues to find out who did the murder. It is a lot of fun and we all enjoy doing it.

### The S. A. T.'s Party.

On the 12<sup>th</sup> of May we had a S. A. T.'s party. Our party was a water gun fight and lots of people got soaked. When we were in class we had food and drinks including: cakes, biscuits, crisps, cola and much more. All of the teachers got soaked as well!

Before the water fight we got into pairs and through water balloons at each other. The first balloon to pop that pair sat down and we had a lot of goes!

It was a great day and was lots of fun!

### **Edinburgh Residential**

When we went to Edinburgh, one of my favourite things was Camera Obscura. We first went up to level five where the optical illusions were. We had a look around and it was super cool. My favourite part on that level was when there was a picture in a picture! At first I didn't understand but after a while I could see the second picture. We then went to see the city. It was really good and we picked up people! We looked around some more and we found cameras where we watched over the city, it was really good but when we came out I was worried that people were watching me.

After a while we went down to level two. This was my absolute favourite part. The mirror maze was really good although as soon as I went in I had to lead Miss Bamber out because she really didn't like it. Once I had been in the maze about ten times I came out and went into the vortex tunnel. It felt like we were spinning around! By Isobel Dixon

#### **Museum On The Mound**

When we went to Edinburgh and we visited Museum OnThe Mound. It was all about money and banks, and the different types of money throughout time. It was very interesting, we had to do a 20 minute task and we talked to a worker called Hannah. She taught us about money throughout time and the new pound that is coming out next year. We also had to do a 20 minute task where we had to find certain information for the questions and crack a safe, which was quite challenging! If we cracked the safe we were allowed chocolate coins, I gave mine to Callum. We learned many things and we came back to the Hostel exhausted from our long day .by Cara

#### **The Light house**

*The light house is the hostel where we stayed in Edinburgh. It was really nice. On the ground floor was the lounge. Here we did our diaries there and watched the football final. On the first floor were the boy's bedroom and the kitchen. Miss Wilson stayed on this floor. In the kitchen we had our breakfast and tea. It was decorated nicely and had cereal machines. On the very top floor it was the girl's bedroom. Miss Bamber stayed on our floor. One room had the year fives in and the other had year six. In the year six's room there was an en-suite. It was blue and the year fives room was green.*
