

What we provided		Focus for Learning	The difference we made to pupils' achievement and knowledge and understanding of adults
Specialist teaching, Subject leader no-contact time and in house CPD	£4419.40	<p><b>2016 – 2017</b></p> <p>Demonstrate more of the mature movements associated with running and jumping, and to develop children's understanding of space (Year R)</p> <p>Demonstrate more of the mature movements associated with body control, balance and travel in gymnastics (KS1)</p> <p><b>2017 – 2018</b></p> <p>To increase pupil participation and variety of sports experienced in after school sports clubs</p> <p>To participate in greater physical activity during school hours.</p>	<p>Three members of staff have received Basic Moves training, which is now being applied in planning, teaching and assessing PE lessons. A coach from the FA spent half a term teaching games skills to Year Reception. This also provided a valuable CPD opportunity for the Reception teacher. Children in Reception are demonstrating running and jumping skills with greater competency, and show a much improved awareness of self and general space.</p> <p>The Subject Leader was given time off timetable to develop aspects of provision. This included ACPEN (Active Cumbria PE Network) membership and attending meetings with other local subject leaders and AfPE membership. This keeps the subject leader and staff members up-to-date with relevant information, develops subject knowledge and enables liaison with other schools.</p> <p>The FA and a cheer-leading club have led after-school sessions over two terms this year. This has had a positive impact on participation in PE/Sports-related after-school clubs. This provided opportunities for KS1 and KS2 to experience PE/Sports clubs separately and experience appropriate skills/games for their age and ability.</p> <p>Children are completing Active Cumbria's '100 mile challenge'. Many children have already achieved their 100 miles. Some have achieved over 200 miles.</p> <p>Rosley hosted a cluster 'Young Leader's Training Day' in which two children from all the local school were trained as Young Leaders in PE. Two Year 5 and two Year 6 children completed the training and they lead lunchtime activity sessions for younger children on a weekly basis.</p> <p>Children demonstrate knowledge of what it means to lead a healthy</p>

			<p>lifestyle.</p> <p>ACPAT (Active Cumbria Participation and Achievement Tracker) has been purchased and CPD provided for the whole staff. This is soon to be implemented.</p>
Gymnastics coaching at Carlisle Gym Club and resources	£942.98	<p><b>2016 - 2017</b></p> <p>Demonstrate more of the mature movements associated with body control, balance and travel in gymnastics (KS1)</p>	<p>Children in KS1 enjoyed half a term's worth of gymnastics sessions delivered by a gymnastics coach at Carlisle Gym Club. This has helped to both develop performance/skill level and raise the profile of gymnastics in KS1. Our KS1 teacher has used the sessions to compile lesson ideas for future use in school and has greater confidence in teaching the progressions safely. She continued the learning back in school. Children are demonstrating more of the mature movements associated with body control, balance and travel. Resources, like those used during the sessions at Carlisle Gym Club, have been purchased to support Gymnastics learning at KS1.</p>
Transport to competitions, events and swimming	£1046	<p><b>2016 – 2017</b></p> <p>To participate and engage in a greater number of competitions and performances.</p>	<p>All children in KS2 have participated in a competition, festival or sporting event in: Netball, Football, Cross-Country, Hockey or Athletics. There will be more opportunities in the summer term for both key stages.</p> <p>All KS1 and KS2 children have received swimming lessons at Morton Pool. All children in KS2 and many in KS1 can swim 25m.</p>
Total spent	£6408.38
