

Provision SP15 - £4804	Costs	Focus	Impact & sustainability
1. Specialist teaching of gymnastics in FS & KS1	£3745	Show control, co-ordination and confidence when performing travelling skills (jumping, skipping & rolling) and link this together to create a short flowing sequence.	All class can perform forward & pencil rolls, mostly with control. Most can perform 5 basic jumps with control & co-ordination, adapting them for height and length. Most now use apparatus with confidence & willingness to take risks. All children lift and carry apparatus safely. All children can skip and gallop with control & co-ordination. Most know and use technical vocabulary to describe movement. More children are able to link balances with travelling movements than in previous year.
2. Specialist teaching of new curriculum in FS, KS1 & KS2		Adapt and apply technical movement skills in dance lessons when working with other children (movement concept - relationships)	KS1 children are able to perform basic technical moves, working with others in dance contexts. They were all able to perform at the U-Dance festival with much success. KS2 children are able to perform technical skills creatively. They have communicated clearly and effectively in dance contexts linked to topic work.
3. Specialist teaching of games in FS, KS1 & KS2		Continue to develop throwing techniques and skills related to different type of throws. Develop catching technique and apply skills effectively in games situations.	The majority of this teaching is to take place in the summer term through athletic skills, net/wall/striking & fielding skills & games.
4. CPD	£150	Increase confidence, knowledge and skills of all staff in teaching PE and sport	CPD training on Gymnastics in EYFS has enabled our NQT to become more confident in the planning and delivering of the PE curriculum to children in FS.
5. Swimming	£254	To perform and apply skills and knowledge at a level which meets or exceeds the age related expectations	All children in KS1 & 2 have received swimming lessons at Morton Pool. Most children in KS2 can swim 25m and any who have not yet reached this target will receive additional lessons before the end of the year.
6. Transport	£655	Engagement of <u>all</u> pupils in regular physical activity – kick-starting healthy active lifestyles	All children have been/will be able to participate in sporting events within the schools consortium. This has enabled them to consolidate skills, engage in activities with a larger number of participants and aids transition issues.
