A PUPIL HAS SYMPTOMS AT SCHOOL

A PUPIL HAS SYMPTOMS AT HOME

Pupil and any other household/support bubble member must not come into school

School to contact parents of others in the pupil's bubble so they can look out for symptoms and take measures to protect other vulnerable family members

Additional information

- Symptoms are a dry, continuous cough where it is hard to catch a breath, a high temperature, loss of or change in taste and smell
- If Parents are struggling to get a test, schools can refer a pupil to the NHS by calling the CCC Covid-19 Call Centre. The school must contact them and under no circumstances should the Covid-19 Call Centre number be given out. Adults/parents cannot get a test via NHS referral.
- PPE may be required: a fluid resistant surgical mask if staff cannot maintain a 2m distance from the pupil; disposable gloves and apron also advised if direct personal care/contact is required; a visor/eye protection if there is a risk of splashing in the eyes (spitting, coughing/vomiting etc.).
