

## English

### In Reading and Writing Composition we are:

- Reading and studying our class novel 'Kensuke's Kingdom' by Michael Morpurgo
- Studying how the author portrays characters and settings
- Reading interesting story openings and writing a story opening to our own losing tale
- Learning to proof read and edit our writing

### In Grammar, Punctuation and Spelling we are:

- Revising word class
- Using relative clauses in our writing
- Revising the use of apostrophes
- Ensuring subject-verb agreement in sentences
- Revising the use of semi colons

Learning to spell:

- Words ending in 'shun' spelt -sion and -tion
- Words containing silent letters
- Words ending in -ibly and -ably
- Words containing the letters 'ough'

# Class 3

## What are we learning this half term?

### Our Christian Value is Service

### Science

#### Our science topic is Evolution and Inheritance

##### We are learning:

- To understand that fossils provide information about living things that have inhabited the Earth
- To recognise that living things produce offspring that vary and are not identical to their parents
- To identify how animals and plants are suited to their environment

## Maths

### In Maths we are learning to:

#### Arithmetic

- Revise the 4 methods of calculation
- Revise operations with fractions
- Revise conversions between fractions, decimals and percentages

#### Shape

- Measure angles using a protractor
- Calculate the size of angles in a variety of shapes
- Calculate angles along a straight line
- Solve problems involving shape

#### Measures

- Convert metric measures
- Solve problems involving miles and km
- Use both imperial and metric measures

## PE

This half term, we are developing our skills and knowledge in **Cricket** this term with a visiting coach from Primary Stars. We will also develop our knowledge and understanding of orienteering

## History

This term we will be studying the ancient Maya civilisation

We will be studying who the Maya people were, where they lived and what we can learn from them.

## RE

This term our topic is '**Creation & Science: conflicting or complementary?**'

We will learn about different views on creation and interpretations of the bible. We will explore how there is controversy and debate about creation and how religious and scientific views can be conflicting and complementary

## Computing

This half term our computing unit is **Data and Information**. We will be using spreadsheets to organise and analyse data.

## Art

In Art we are learning about textile designs, exploring shape and pattern in weaving. We will create work inspired by Mayan textiles.

## Design and Technology

Our DT project is 'Come dine with me'. We will be learning how to plan and make a 2-course meal with given ingredients. We will evaluate each of the courses and will choose an overall winning dish!

## French

After half term, our topic will be 'Clothes'. We will learn to describe our clothing using nouns and adjectives, use the verb 'to wear' and read descriptions.
