# POLICY STATEMENT

## Behaviour Policy Statement

The Governing Body of Rosley School, as a Church school, seeks to develop in each pupil the Christian values which encourage and reinforce good behaviour. Furthermore, it is acknowledged that society expects good behaviour as an important outcome of the educational process. At the heart of this policy, is our Christian Vision:

“We are kind and compassionate to one another and learn to forgive each other as God forgives us. We trust those around us to work together, aiming high in all we do.”

*Be kind and compassionate to one another, forgiving each other, just as in Christ, God forgave you.  
Ephesians 4:32*

### 1. Definitions

For the purposes of this Policy and procedures a child, young person, pupil, or student is referred to as a ‘child’ or a ‘pupil’ and they are normally under 18 years of age.

Wherever the term ‘parent’ is used this includes any person with parental authority over the child concerned e.g., carers, legal guardians etc.

Wherever the term ‘Head teacher’ is used this also refers to any Manager with the equivalent responsibility for children.

### 2. Introduction

In their document [‘Behaviour in Schools – Advice for head teachers and school staff’](#), the Department for Education (DfE) have set out the legal powers and duties that govern behaviour and attendance in schools and explains how they apply to teachers, governing bodies, pupils, and parents.

Legislation requires that every school must have a Behaviour Policy. Good behaviour in schools is central to a good education. Managing behaviour successfully allows us to provide a calm, safe and supportive environment which children and young people want to attend and where they can learn and thrive. Being taught how to behave well and appropriately within the context they are in is vital for all pupils to succeed personally.

Our aim is to create an environment where positive behaviours are more likely by proactively supporting pupils to behave appropriately. Our pupils will be taught explicitly what good behaviour looks like although it is recognised that some pupils will need additional support to reach the expected standard of behaviour. Where this is required, we will identify individual support required and put this in place as soon as possible. In some cases, particularly when a pupil is persistently disruptive and support or sanctions are not deterring misbehaviour, further action may be needed. In serious instances, a pupil may need to be suspended or excluded. This will, however, be a last resort. Where suspension or exclusion is deemed absolutely necessary, we will make reference to the DfE guidance on [School suspensions and permanent exclusions](#) to ensure that these interventions are used appropriately. The school also has a Suspension and permanent exclusion Policy and procedures to which reference will be made where necessary.

In the event of a national Public Health Emergency, there may be situations where additional measures need to be introduced to reduce the risk of ill health as a result of the emergency. Where this is the case, the Governors may introduce an Addendum to this Policy and procedures in order to properly impose recommended control measures on the school community. The school community will be advised by the school in advance and prior to additional recommended measures being imposed.

Section 78 of the Education Act 2002 requires that the curriculum for a maintained school must promote the spiritual, moral, social and cultural (SMSC), mental, and physical development of pupils at the school and of society which, in turn, prepares pupils at the school for the opportunities, responsibilities and

experiences of later life. The school pays regard to the DfE Departmental advice for maintained schools [‘Promoting fundamental British values as part of SMSC in schools’](#).

The Governing Body of a maintained school is responsible for setting general principles that inform the Behaviour Policy and procedures. Governors must have a ‘Statement of Behaviour Principles’. (DfE – [Statutory policies for schools and academy trusts](#)). Detailed guidance for Governors is available in [Behaviour and discipline in schools: guidance for governing bodies](#). In turn, the Head teacher must act in accordance with the Governors’ Statement of Behaviour Principles’ and have regard to any guidance provided by the Governors on promoting good behaviour in school. Head teachers are responsible for developing the Behaviour Policy and supporting procedures, based around the ‘Principles’ required by the Governing Body, and deciding the standard of behaviour expected of pupils at the school and how that standard will be achieved, the school rules, rewards for good behaviour and any disciplinary sanctions for breaking the rules.

School leaders have a crucial role to play in making sure all staff understand the behavioural expectations and the importance of maintaining them. We will actively engage with pupils, parents and staff on setting and maintaining the behaviour culture and an environment where everyone feels safe and supported. Our leaders will make sure that all new staff are inducted clearly into the school’s behaviour culture to ensure they understand its rules and routines and how best to support all pupils to participate in creating the culture of the school. Our leaders will also consider any appropriate training which is required for staff, both at induction and at regular intervals to meet their duties and functions within this Behaviour Policy.

In terms of staff and other adults, any person whose work brings them into contact with children including volunteers must follow the principles and guidance outlined in the school Code of Conduct for staff and other adults. In addition to this Code of Conduct, all employees engaged to work under Teachers’ Terms and Conditions of Employment have a statutory obligation to adhere to the [Teachers’ Standards 2011](#) (updated 2013 and 2021) which set out the expectation that all teachers manage behaviour effectively to ensure a good and safe educational environment and requires teachers to have a clear understanding of the needs of all pupils.

Pupils deserve to learn in an environment that is calm, safe, supportive and where they are treated with dignity. To achieve this, every pupil should be made aware of the school behaviour standards, expectations, pastoral support, and consequence processes. Pupils will be asked about their experience of behaviour and given the opportunity to provide feedback on the school’s behaviour culture to help support the evaluation, improvement and implementation of the Behaviour Policy. Where the behaviour of pupils is deteriorating or becoming problematic, as well as reinforcing our behaviour expectations at every opportunity, additional support will be made available in the form of re-induction of rules, routines and expected standards of behaviour. Where necessary, extra support and induction will be provided for pupils who are mid-phase arrivals.

The procedures which support the school Behaviour Policy include measures to prevent all forms of bullying, harassment and intimidation among pupils.

This Policy and procedures should be read in conjunction with the following school Policies and procedures:

- Overarching Safeguarding Statement
- Health and Safety Policy and procedures

### 3. Ethos

#### Standards of Behaviour

Rosley C of E Primary School has a central role in the children's Christian, social and moral development just as it does in their academic development. The children bring to school a wide variety of behaviour patterns based on differences in home values, attitudes and parenting skills. At school we must work towards standards of behaviour based on the Christian principles of honesty, respect, consideration and responsibility to become positive independent members of the school community.

#### School Ethos

All the adults encountered by the children at school have an important responsibility to model high standards of behaviour, both in their dealings with the children and with each other, as their example has an important influence on the children.

As adults we should aim to:

- create a positive climate with realistic expectations;
- emphasise the importance of being valued as an individual within the group;
- promote, through example, honesty and courtesy;
- provide a caring and effective learning environment;
- encourage relationships based on kindness, respect and understanding of the needs of others;
- ensure fair treatment for all regardless of age, gender, race, ability and disability;
- show appreciation of the efforts and contribution of all.

*We recognise that consistency is crucial in maintaining high standards of behaviour alongside a culture that celebrates success and is not based solely on sanctions. To this end, the school is committed to promoting and rewarding good behaviour. We are also committed to a united approach to managing behaviour in and out of school.*

*We accept that adverse behaviours can and often do result from safeguarding issues which are external to the school such as abuse, neglect and exploitation therefore school staff will not make assumptions about behaviour without first exploring any contextual reasons for the behaviour, particularly where this may be out of character.*

*The school will not tolerate bullying (including cyberbullying, prejudice-based and discriminatory bullying), harassment or intimidation of any description. A complaint of bullying will always be taken seriously.*

### 4. Our Aims

- To create an environment which promotes Christian values and attitudes and which encourages and reinforces good behaviour
- To provide a safe and attractive environment where everyone feels welcome, happy, and secure; free from disruption, violence, bullying (including cyberbullying, prejudice-based and discriminatory bullying) and any form of harassment;
- To define acceptable standards of behaviour
- To teach children how to better manage their feelings and emotions
- To help children to understand the impact of their behaviour on learning
- To encourage consistency of response to both positive and negative behaviour
- To promote self-esteem, self-discipline and positive relationships

- To value every child regardless of ability, sex (gender), race, disability, religion or belief, gender reassignment or sexual orientation
- To ensure that the school's expectations and strategies are widely known and understood
- To encourage the involvement of both home and school in the implementation of this policy

The aim of this Policy and supporting procedures is to determine the boundaries of acceptable and unacceptable behaviour, introduce rewards and sanctions and determine how they will be fairly and consistently applied.

To achieve this, the school will:

- make clear its expectations of good behaviour, through collective worship, class/school council meetings and in published documents;
- reward achievements, award house points and VIP certificates and celebrate positive behaviour
- treat every member of the community as individuals and respect their rights, values and beliefs;
- create a zero-tolerance environment against all instances of bullying or discrimination (both online and offline) based on the protected characteristics of sex (gender), race, disability, religion or belief, gender reassignment or sexual orientation
- provide positive examples for modelling behaviour;
- promote good relationships and a sense of belonging to the community;
- intervene early to challenge undesirable behaviour;
- follow and apply consistently clear guidelines when responding to instances of unacceptable behaviour.

## **5. Communication**

Communicating the school Policy to all members of the community is an important way of building and maintaining the school's culture. It helps make behaviour expectations transparent to all pupils, parents, and staff members, and provides reassurance that expectations of, and responses to, behaviour are consistent, fair, proportionate, and predictable.

We will publish the Behaviour Policy along with the Governors' Statement of Behaviour Principles on the school website and signpost parents and carers to this via letter.

# PROCEDURES

## 1. Responsibilities

The commitment of staff, pupils and parents is vital in developing a positive whole school ethos. The expectations of staff, pupils and parents are outlined below.

Our school leaders have a crucial role to play in making sure all staff understand the behavioural expectations and the importance of maintaining them. The Head teacher, in particular, is responsible for implementing measures to secure acceptable standards of behaviour and will support all staff in managing pupil behaviour through successful implementation of this Behaviour Policy.

Staff and other adults also have an important role in developing a calm and safe environment in which all pupils can learn and reach their full potential and establishing clear boundaries of acceptable pupil behaviour. Staff and other adults will therefore uphold the whole-school approach to behaviour by teaching and modelling expected behaviour and positive relationships so that pupils can see examples of good habits and are confident to ask for help when needed.

All staff and other adults will communicate the school expectations, routines, values and standards both explicitly through teaching behaviour and in every interaction with pupils. Staff should consider the impact of their own behaviour on the school culture and how they can uphold the school rules and expectations. Staff have received clear guidance about school expectations of their own conduct at school and this is set out explicitly in the school Staff Code of Conduct.

The role of parents is also crucial in helping us to develop and maintain good behaviour. Parents will be encouraged to get to know our school's Behaviour Policy and, where possible, take part in improving the school and its culture. Parents will also be encouraged to reinforce the Policy at home as appropriate. Where a parent has a concern about management of behaviour, they are advised to raise this directly with the Head teacher or other Senior Leader whilst continuing to work in partnership with us. Where appropriate, we will involve and include parents in any pastoral work following misbehaviour.

### 1.1 What pupils can expect from staff

Pupils may expect staff and other adults in the school to:

- create a positive, safe environment in which bullying (in all forms including online), physical threats or abuse and intimidation are not tolerated;
- plan and deliver good to outstanding lessons which engage and motivate you to achieve;
- allocate sufficient time for each task;
- be enthusiastic and develop positive working relationships with you and your peers in their classes;
- celebrate the success of pupils in lessons, after school activities and assemblies;
- encourage all pupils to contribute to the work in hand;
- communicate both successes and concerns with parents;
- have a well organised room;
- mark or give feedback on work as soon as possible;
- set homework appropriate for the age and abilities of each pupil;
- treat you fairly with dignity, kindness and respect;
- eliminate or control hazards which may cause you harm;
- use a range of non-verbal and verbal cues to encourage good behaviour and limit inappropriate behaviour;
- be approachable and listen to you at appropriate times;
- always take seriously any complaints or incidents of bullying (both online and offline), discrimination, harassment, aggression and derogatory language (including name calling) or other inappropriate behaviour reported to them;
- set high expectations, clear boundaries and regularly agree classroom and behaviour expectations;
- use rewards and, where necessary, sanctions consistently;

## 2. The school behaviour curriculum

Positive behaviour reflects the values and ethos of the school, readiness to learn and respect for others. It is established through creating an environment where good conduct is more likely than poor. This behaviour strategy will be taught to all pupils so that they understand what behaviour is expected and encouraged and what is unacceptable or prohibited. All staff and other adults are expected to positively reinforce when

expectations are met and impose appropriate sanctions when rules are broken. Positive reinforcement and sanctions are both important and necessary to support the whole school culture.

Our behaviour curriculum defines the expected behaviours in school, rather than only a list of unacceptable or prohibited behaviours and is outlined in our expectations of each member of the school community described in section 1. above. Our behaviour curriculum represents the key habits and routines required in school.

Routines will be used to teach and reinforce the behaviours expected of all pupils. Repeated practices promote the values of the school, positive behavioural norms, and certainty on the consequences of unacceptable behaviour.

In Rosley C of E Primary School, all children are involved in creating and agreeing the class rules they are to adhere to. These are revised with each class on a yearly basis, ensuring pupils have full ownership of, and responsibility for the standards which they set for themselves. Rules and procedures are designed to make clear to the children how they can achieve acceptable standards of behaviour. The rules and procedures:

- promote the Christian values upon which our school is based;
- are kept to a necessary minimum;
- are positively stated, telling the children what to do rather than what not to do;
- have a clear rationale, shared by all;
- are consistently applied and enforced by all;
- promote the idea that every member of the school has responsibilities towards the whole.

### 3. Celebrating success

Our emphasis is on rewards to reinforce good behaviour, rather than on failures. We believe that rewards have a motivational role, helping children to see that good behaviour is valued. The commonest reward is praise, which is earned by the maintenance of good standards as well as by particularly noteworthy achievements. This is as true for adults as for children. Rates of praise for behaviour should be as high as for work.

All staff can award gold stars to pupils as reward for positive behaviour or work achievement. Children will receive the following for different numbers of gold stars accumulated over the year:

25 – Bronze Award

50 – Silver Award

100 – Gold Award

150 – Platinum Award

These awards will be presented in Collective Worship as they are earned by the children.

In addition to this, each gold star earned will gain 1 team point for the team that the child belongs to – *either Scafell Pike, Catbells, Skiddaw or Bowfell*. Each half term a team cup will be presented in Collective Worship and children will be able to choose a small prize from a selection of items. At the end of the academic year, the overall winning team will be able to participate in a special activity in school.

In Reception and Key Stage 1, a 'Behaviour Beanstalk' is used. The beanstalk is a visual and tactile resource to support behaviour management with our younger children to help them to understand what is and is not acceptable in school and encourage positive behaviours whilst discouraging negative behaviours.

Children may also be awarded a Headteacher Award where they have produced an outstanding piece of work; worked with extra effort and perseverance; undertaken a particular act of kindness; represented the school positively; or actively demonstrated our Christian Values. For each Headteacher Award, the child will receive 3 gold stars.

Every week, a child from each class receives a VIP award. These are nominated by the class teachers or teaching assistants. The children receive a certificate and wear a VIP badge for the following week.

At the end of each academic year, children in Year 6 are awarded trophies for achievements in various areas such as flair in writing, mathematical achievement, personal progress. These are awarded at the Leavers' Service.

#### 4. Responding to misbehaviour

Although this school aims to focus on positives, there are unfortunately occasions when a minority of pupils let themselves, the school, and others down through their unacceptable or inappropriate behaviour.

In such circumstances, staff should respond predictably, promptly and assertively in accordance with this Behaviour Policy and the training and direction they have received. The first priority will be to ensure the safety of pupils and staff and to restore a calm and safe environment. It is important for staff across the school to respond in a consistent, fair and proportionate manner so pupils know with certainty that misbehaviour will always be addressed.

To achieve these aims, a response to behaviour may have various purposes. These include:

- **deterrence:** sanctions can often be effective deterrents for a specific pupil or a general deterrent for all pupils at the school.
- **protection:** keeping pupils safe is a legal duty of all staff. A protective measure in response to inappropriate behaviour, for example, removing a pupil from a lesson, may be immediate or after assessment of risk.
- **improvement:** to support pupils to understand and meet the behaviour expectations of the school and reengage in meaningful education. Pupils will test boundaries, may find their emotions difficult to manage, or may have misinterpreted the rules. Pupils should be supported to understand and follow the rules. This may be via sanctions, reflective conversations or targeted pastoral support.

Where appropriate, staff will take account of any contributing factors that are identified after a behaviour incident has occurred: for example, if the pupil has suffered bereavement, experienced abuse or neglect, has mental health needs, has been subject to bullying, has needs including SEND or other health condition (including any not previously identified), has been subject to criminal exploitation, or is experiencing significant challenges at home.

We want pupils to take responsibility for their behaviour and will encourage pupils to do this through reflecting on their actions, which enables pupils to think about their behaviour and to make amends. This process does not, however, replace consequences. At our school, we know that consistency is essential for pupils to understand what is expected of them and to avoid mixed messages. It is vital that children learn early on in life that there are always consequences for poor and unacceptable behaviour which undermine the positive atmosphere of our school community.

Pupils, who are persistently causing concern, including vulnerable children, those with social worker involvement or children who may have an Education, Health and Care Plan, will have a personalised plan that all staff will be familiar with. This will support staff with the identification of the individual needs of vulnerable children and allow them to adapt and differentiate their approaches to teaching and learning based on the pupil's unique profile of need. This plan will be based on Person Centred Planning. This plan will be formulated in conjunction with parents and any other appropriate agencies who may be involved with the pupil. If misbehaviour is displayed by a pupil, a consequence will then be given. The stage of the consequence will depend on the extremity of the misbehaviour. Behaviour recovery practices are used to reinforce with pupils that certain behaviour is unacceptable and to deter a pupil from repeating the same behaviour.

Taking disciplinary action and providing appropriate support are not mutually exclusive actions. They can and should occur at the same time if necessary. We will be clear about our approach and in which category any action falls, ensuring that the action complies with the law relating to each category.

Consideration will also be given as to whether the misbehaviour gives cause to suspect that a child is suffering, or likely to suffer, harm. Where we consider this to be the case, we will follow the school's Child

Protection Policy and procedures and staff are advised to alert the Designated Safeguarding Lead (or deputy) as soon as possible. They will consider if pastoral support, an early help intervention or a referral to children's social care is appropriate.

**Level One:** *leading to verbal reprimand or detention if behaviour continues*

- *Low level disruption in class*
- *Use of mobile phone and other smart technology in class in contravention of school rules - item may be confiscated*
- *Calling out*
- *Misuse of practical equipment*
- *Consistently off-task*
- *Graffiti on books, equipment or furniture*
- *No equipment*

- *Littering*

**Level Two:** *leading to parental involvement*

- *Repeated refusal to follow instructions*
- *Repeated disruption to learning*
- *Use of inappropriate language*
- *Walking out of lesson without permission*
- *Failing to attend a break or lunchtime detention*
- *Undermining/personal/discriminatory comments directed at staff*
- *Repeated personal or discriminatory comments directed at other pupils*
- *Selling food or drinks to others for personal gain*
- *Inappropriate behaviour outside of school which brings the school into disrepute or reflects badly on the school image and values*

**Level Three:** *leading to internal exclusion or fixed term exclusion*

- *Failing to follow adults' instructions/directions linked to behaviour*
- *Direct swearing or use of abusive language at a member of staff*
- *Physical or verbal abuse, violence or intimidation directed at any member of the school community or the wider community*
- *Out of control behaviour*
- *Bullying (including cyberbullying, prejudice-based and discriminatory bullying), sexual violence, sexual harassment, taunting or intimidation directed at any member of the school community regardless of whether this takes place during or out of school hours*
- *Racist abuse*
- *Abuse against sexual orientation, gender reassignment or disability*
- *Use, or threat of use, of an offensive weapon or prohibited item prohibited by this Policy and procedures*
- *Deliberately invented or malicious allegations against staff or other pupils*
- *Smoking or vaping, drinking alcohol or drug use anywhere on school premises*

## **4.1 Reflection on actions**

Reflection on actions is normally used to allow the individual to reflect on their behaviour and to allow the pupil to decide for themselves why their behaviour was inappropriate and how it might have affected others in the school. Pupils are generally asked to write down their reasons for the behaviour and how that

behaviour could be improved or what alternatives to the inappropriate behaviour might have been possible if the same circumstances arise again.

## **4.2 Sanctions and disciplinary action**

Teachers can sanction pupils whose conduct falls below the standard which could reasonably be expected of them. This means that if a pupil misbehaves, breaks a rule or fails to follow a reasonable instruction, the teacher can apply a sanction on that pupil. Staff can issue sanctions at any time pupils are in school or elsewhere under the charge of a member of staff, including on school visits. This also applies in certain circumstances when a pupil's misbehaviour occurs outside of school – see section 8. The Head teacher has the authority to extend the power to discipline to adult volunteers e.g. parents who have volunteered to help on a school trip.

There is a clearly defined process for issuing sanctions in this school. Where possible, and appropriate, pupils are issued with a warning to enable them to rectify their behaviour though there are times when the nature of the behaviour does not warrant a warning as it is so serious. The school uses a wide range of consequences for poor behaviour which are outlined in more detail below.

The flow diagram in Appendix 1 was developed during class council sessions in Key Stage 2. Pupils review this each year. Pupils agreed the structure to be followed when dealing with any incident of inappropriate behaviour in school. They agreed that as all adults within school can give praise and reward for positive behaviour, so all adults within school can be trusted to deal with inappropriate behaviour fairly and fittingly by following these procedures.

School staff know to ensure relevant the Head teacher is made aware of any pupil persistently misbehaving, whose behaviour is not improving following low-level sanctions, or whose behaviour reflects a sudden change from previous patterns of behaviour.

### **Pupil Behaviour Logs**

Where the pupil does not respond to warnings, they are issued with a Behaviour Log which is held centrally on Arbor. When the pupil receives high numbers of these, they trigger parental involvement.

### **Searching, Screening and Confiscation**

The school follows the DfE advice when searching, screening and confiscating items from pupils which is outlined in their document [Searching, Screening and Confiscation – Advice for schools](#), a copy of which is available from the school on request.

Head teachers and staff they authorise have a statutory power to search a pupil or their possessions where they have reasonable grounds to suspect that the pupil may have a prohibited or illegal items (listed below) or any other item that the school rules identify as an item which may be searched for.

Under no circumstances will individual pupils be searched on the school premises by anyone other than school staff unless they are accompanied by a parent or appropriate adult designated by the Head teacher.

The following items are what are termed 'Prohibited Items' and their presence on school premises or if found on an individual pupil will lead to the highest sanctions and consequences:

- Knives and weapons (Further guidance is available in KAHSC [Safety Series G14 – Knives, Offensive Weapons and other inappropriate items](#))
- Controlled drugs
- Alcohol
- Fireworks
- Tobacco and cigarette papers
- Pornographic images (including those found on electronic devices)
- Stolen items
- Any article that the member of staff (or other authorised person) reasonably suspects has been, or is likely to be, used:

- i) to commit an offence,
- ii) to cause personal injury to, or damage to the property of, any person (including the pupil).

The Head teacher and any authorised member of staff have the power to search a pupil for any item if the pupil agrees. In all cases, staff will explain the reason for the search and how it will be conducted so that the pupil's agreement is informed.

Members of staff can use such force as is reasonable given the circumstances when conducting a search for knives or weapons, alcohol, controlled drugs, stolen items, tobacco and cigarette papers, fireworks, pornographic images or articles that have been or could be used to commit an offence or cause harm. Such force **cannot** be used to search for other items which are banned under the school rules.

School staff can seize any prohibited or illegal item found during a search. They can also seize any item, however found, which they consider harmful or detrimental to school discipline.

Where items are 'prohibited or illegal' as outlined above, these will not be returned to pupils and will be disposed of by the school according to the DfE guidance '[Searching, Screening and Confiscation – Advice for schools](#)'. The law protects staff from liability in any proceedings brought against them for any loss or damage to items they have confiscated, provided they acted lawfully. Staff will consider whether the confiscation is proportionate and consider any special circumstances relevant to the case. Pupils must not bring any of the items listed above on to school premises. The school will automatically confiscate any of the 'prohibited or illegal' items and staff have the power to search pupils **without** their consent for such items. There will be severe penalties for pupils found to have 'prohibited or illegal' items in school. In certain circumstances, this may lead to permanent exclusion.

The Head teacher will ensure that a sufficient number of staff are appropriately trained in how to lawfully and safely search a pupil who is not co-operating so that they fully understand their rights and the rights of the pupil who is being searched.

Alcohol will be disposed of. Under no circumstances will alcohol be returned to the pupil. Tobacco, cigarette papers or fireworks will either be retained or disposed of, but not returned to the pupil. Pupils will also receive sanctions for smoking or vaping near the school and on their way to and from school.

Where a member of staff finds stolen items, these must be delivered to the Police as soon as reasonably practicable. However, if there is good reason to do so, the member of staff may also return the item to the owner or retain or dispose of it if returning them to their owner is not practicable. In determining whether there is a good reason to return the stolen item to its owner or retain or dispose of the item, the member of staff will take account of all relevant circumstances and use their professional judgement to determine whether they can safely dispose of the seized article.

In taking account of the relevant circumstances, the member of staff should consider the following:

- the value of the item - it would not be reasonable or desirable to involve the Police in dealing with low value items such as pencil cases, though school staff may judge it appropriate to contact the Police if the items are valuable;
- whether the item is banned by the school;
- whether retaining or returning the item to the owner may place any person at risk of harm; and,
- whether the item can be disposed of safely.

In the event of any pupils, regardless of their age or circumstance, being found in possession of a bladed/sharply pointed article on a school premises (either brought in or deliberately secreted about their person), the school must report this to the Police as soon possible on 101, or 999 in an emergency. Any weapons or items which are evidence of a suspected offence will be passed to the Police as soon as possible.

**The following are items which are banned by the school under the school rules:**

- Mobile phones
- Digital media devices or similar used in class
- Smart watches with cameras/recording devices
- Laser pens
- Jewellery not in accordance with the School Uniform Policy

- Lighters or matches
- Vapes

Pupils wearing any accessories or jewellery which do not follow the School Uniform Policy can expect to have these items confiscated. Any confiscated items will be logged and made available for collection at the end of the school day. Where a pupil repeatedly flouts the rules, they may be asked to hand in items at the beginning of each day to reduce unnecessary time wasting for teachers. For repeated offences of this nature, parents will be asked to collect confiscated items. Where items are not collected, the school will dispose of them at the end of each term.

Staff have the power to search pupils **with their consent** for prohibited or illegal items **and** any item banned under the school rules. This includes searching lockers and bags. A condition of having a locker in this school is that it may be searched where there is a suspicion that prohibited, illegal or banned items are being held within it and reasonable grounds for the search have been established.

- We are not required to have formal written consent from the pupil for this sort of search – it is enough for the authorised member of staff to ask the pupil to turn out his/her pockets or if the staff member can look in the pupil's bag or locker and for the pupil to agree.
- It is clear in our Behaviour Policy and procedures and in communications to parents and pupils what items are banned.
- If a member of staff suspects a pupil has a banned item in his/her possession, they can instruct the pupil to turn out his/her pockets or bag and if the pupil refuses, the authorised member of staff can apply an appropriate punishment as set out in the Behaviour Policy and procedures.

A pupil refusing to co-operate with such a search raises the same kind of issues as where a pupil refuses to stop any other unacceptable behaviour when instructed by a member of staff – in such circumstances, we can apply an appropriate disciplinary sanction in line with our Behaviour Policy and procedures.

### ***Mobile electronic devices/phones and other peripherals***

Allowing access to mobile electronic devices including phones, iPads and other smart technology with similar functionality to mobile phones e.g. smart watches linked to mobile phones in school introduces complexity and risks, including distraction, disruption, bullying and abuse, and can be a detriment to learning.

Children are not permitted to have a mobile phone in school at any time. If a parent wishes a child to have a mobile phone before or after school, the mobile phone must be handed in to a member of staff on arrival and will be handed back at the end of the school day, or after wraparound care.

Mobile electronic devices can contain files or data which relate to an offence, or which may cause harm to another person. This includes, but is not limited to, indecent images of children, pornography, abusive messages, images or videos, or evidence relating to suspected criminal behaviour.

As with all prohibited or illegal items, staff will first consider the appropriate safeguarding response if they find images, data or files on an electronic device that they reasonably suspect are likely to put a person at risk.

If the member of staff conducting the search suspects they may find an indecent image of a child (sometimes known as nude and/or semi-nude images and/or videos), the member of staff should never intentionally view the image, and must never copy, print, share, store or save such images. When an incident might involve an indecent image of a child and/or video, the member of staff will confiscate the device, avoid looking at the device and refer the incident to the DSL (or deputy). Reference will be made to the school's Child Protection Procedures and DfE statutory guidance [Keeping children safe in education](#).

The UK Council for Internet Safety also provides the following guidance to support school staff and DSLs: [Sharing nudes and semi-nudes: advice for education settings working with children and young people](#).

If a member of staff finds any image, data or file that they suspect might constitute a specified offence, then they must be delivered to the Police as soon as is reasonably practicable. In exceptional circumstances members of staff may dispose of the image or data if there is a good reason to do so. In determining a 'good reason' to examine or erase the data or files, the member of staff and/or DSL must refer to the DfE advice for schools on [Searching, Screening and Confiscation](#).

### **Removal from class**

Where a pupil fails to respond to repeated warnings and reminders to improve an aspect of behaviour which disrupts the learning of others, they can be removed from class and sent to Head teacher. In such circumstances, the pupil will automatically miss playtime. Pupils may also be removed from class for more serious misconduct without the use of warnings.

### **Other examples of sanctions**

- Verbal reprimand and reminder of the expectations of behaviour
- Moved seat or place – to sit by an adult / or to work on your own
- Loss of privileges - missed playtime
- Behaviour Reflection sheet
- School based community service, such as tidying a classroom
- Time out in another class – completing work in another class
- Time out with the Head teacher

## **4.3 Suspension, permanent exclusion and pupil movement**

The Government supports Head teachers in using exclusion from school as a sanction where it is warranted but we understand this is a last resort. We recognise it is our responsibility as a school to communicate to pupils, staff, and parents our behaviour expectations and the responsibility of all individuals working with pupils to ensure that no exclusion will be initiated without first exhausting other strategies or in the case of a serious incident, a thorough investigation. We have a range of policies and procedures in place to promote good behaviour and appropriate conduct, we take steps to access local support services like Inclusion Support Officers and Early Help Services, and we strive to foster good parental engagement.

The decision to suspend or exclude a pupil from school will be taken in the following circumstances:

- In response to a serious breach of the school's Behaviour Policy.
- If allowing the pupil to remain in school would seriously harm the education or welfare of other people or the pupil themselves in the school.

A suspension or exclusion from school will only be considered where the school has exhausted the strategies, practices and interventions set out in this Policy and where they have not been successful in improving a pupil's behaviour. A pupil's behaviour outside school can be considered grounds for a suspension or permanent exclusion – see point 8. below.

Exclusion from school in any form will be a last resort. Where exclusion, either fixed term or permanent, is considered appropriate and/or necessary, we will refer to our Suspension and exclusion Policy and procedures and the DfE guidance [Suspension and Permanent Exclusion from maintained schools, academies and pupil referral units in England, including pupil movement](#).

In order to ensure a pupil's continued education, we may also consider a managed move to another school or direction to an alternative off-site provision. Depending on the individual needs and circumstances of the pupil, off-site direction into alternative provision can be full-time or a combination of part-time support in alternative provision and continued mainstream education. Further information on suspension and exclusion is available in our Suspension and Exclusion Policy and procedures which is available to download from the school website.

## Reintegration

We have a strategy for reintegrating pupils following removal from the classroom, time spent in a pupil support unit, in another setting under off-site direction or following suspension. This may involve reintegration meetings between the school, pupils, parents and, if relevant, other agencies. Schools should consider what support is needed to help the pupil return to mainstream education and meet the expected standards of behaviour. Further information on reintegration strategies following suspension, exclusion or off-site direction is available in our Suspension and Exclusion Policy and procedures.

## 5. Responding to the behaviour of pupils with SEND or other health conditions

We will consistently and fairly promote high standards of behaviour for all pupils and provide additional support where needed to ensure pupils can achieve and learn as well as possible.

Adjustments will be made to routines for pupils with additional needs, where appropriate and reasonable to ensure all pupils can meet behavioural expectations. These adjustments may be temporary, but always to support the individual needs of the pupil. By planning positive and proactive behaviour support, e.g. through drawing up individual behaviour plans for more vulnerable children, and agreeing them with parents, jointly we can work towards a reduction in incidents of challenging behaviour.

Consideration will be given as to whether a pupil's SEND has contributed to the misbehaviour and if so, whether it is appropriate and lawful to sanction the pupil. In considering this, we will refer to the DfE guidance for schools on the [Equality Act 2010](#) and the [SEND code of practice: 0 to 25 years](#) so that appropriate support can be provided to pupils who have additional needs.

We will also consider whether any reasonable adjustments need to be made to the sanction in response to any disability the pupil may have and to try and ascertain the underlying causes of behaviour and whether additional support is needed.

We are, however, mindful that not all pupils requiring support with behaviour will have identified special educational needs, other health conditions or disabilities. Children experiencing a mental health problem, or at risk of developing one, can have an effect on a child's behaviour as can instances of adversity and trauma experienced by children. We will engage with other agencies and, where necessary, make links to the whole school approach to mental health and wellbeing as set out in the DfE guidance on [Mental health and behaviour in schools](#).

## 6. Pupil support

We aim to support all our pupils to ensure that every child succeeds during their time at the school. Where it becomes clear that a child is having on-going difficulties in managing their behaviour, there are a wide range of strategies which are used to support pupils.

- Targeted discussion with the pupil, including explaining what they did wrong, the impact of their actions, how they can do better in the future and what will happen if their behaviour fails to improve.
- Increased communication between home and school (call to Virtual School Head for cared for children).
- Individual support plans – particularly provided to pupils with additional needs where those needs might affect behaviour.
- Inquiries into the pupil's conduct with staff involved in teaching, supporting or supervising the pupil in school.
- Referral to the school counsellor or mentor.
- Inquiries into circumstances outside of school including at home, conducted by the DSL or deputy.
- Small group work or 1:1 support in self-esteem, emotional literacy, anger management, nurture group sessions etc.
- Additional literacy or numeracy support where this is identified as a barrier to learning and impacts on the child's behaviour.
- Consideration of alternative curriculum provision.
- Reduced timetable.

- Referral to outside agencies such as Educational Psychologist, Mental Health Worker, Behaviour Specialists etc.

## **7. Attendance and punctuality**

The school is required by law to keep a record of pupil attendance. In an emergency, such as a fire, it is essential that we have an accurate record of who is in school. Good attendance and punctuality are essential for good learning. They are also essential skills for later life. See our Attendance Policy.

All our staff and pupils are aware of the importance of good attendance and we set high expectations for the attendance and punctuality of all pupils. Regular attendance is important to a child's attainment, wellbeing and wider development.

We have an Attendance Policy and procedures and refer to the DfE statutory guidance '[Working together to improve school attendance](#)', which sets out our expectations of pupils and parents including details of the start and close of the day, register closing times and the processes for requesting leaves of absence and informing the school of the reason for an unexpected absence. The Attendance Policy and procedures also provides details of the national framework for penalties which may be imposed on parents when their child/ren fail to attend school without the required permission from the Head teacher.

The school is required by law to keep a record of pupil attendance. In an emergency, such as a fire, it is essential that we have an accurate record of who is in school. We also use this information to monitor attendance so that we can support pupils, in conjunction with their parents, to enable them to attend school regularly. Good attendance and punctuality are also essential skills for later life.

## **8. Pupil conduct and misbehaviour outside the school premises**

### **8.1 What the law allows**

Schools have the statutory power to sanction pupils for misbehaviour outside of the school premises to such an extent as is reasonable. In the main, sanctions will be imposed in response to non-criminal poor behaviour and bullying which occurs off the school premises or online and which is either witnessed by a staff member or reported to the school, will be in line with this Behaviour Policy taking individual circumstances into account.

Conduct outside the school premises, including online conduct, that schools might sanction pupils for include misbehaviour:

- when taking part in any school-organised or school-related activity;
- when travelling to or from school;
- when wearing school uniform;
- when in some other way identifiable as a pupil at the school
- that could have repercussions for the orderly running of the school;
- that poses a threat to another pupil; or
- that could adversely affect the reputation of the school.

The decision to sanction a pupil will be lawful where it is made on the school premises or elsewhere at a time when the pupil is under the control or charge of a member of school staff.

### **8.2 Out of school behaviour**

Rosley CE School is committed to ensuring our pupils act as positive ambassadors for us. Taking the above into account, we expect the following:

- Good order on all transport (including public transport) to and from school, educational visits or other trips.
- Good behaviour on the way to and from school.
- Positive behaviour which does not threaten the health, safety or welfare of our pupils, staff, volunteers or members of the public.
- Reassurance to members of the public about school care and control over pupils in order to protect the reputation of the school.
- Protection for individual staff and pupils from harmful conduct by pupils of the school when not on the school site.

The same behaviour expectations for pupils on the school premises apply to off-site behaviour.

### 8.3 Sanctions and disciplinary action – off-site behaviour

Sanctions may be given for poor behaviour off the school premises which undermines any of the above expectations and regardless of whether it is an activity supervised directly by school staff. Sanctions may be in the form of detention, fixed term exclusion or in very serious cases, permanent exclusion. In issuing sanctions, the following will be considered:

- The severity of the misbehaviour.
- The extent to which the reputation of the school has been affected.
- Whether pupils were directly identifiable as being members of the school.
- The extent to which the behaviour in question could have repercussions for the orderly running of the school and/or might pose a threat to another pupil or member of staff (e.g., bullying (in all its forms) another pupil or insulting a member of staff).
- Whether the misbehaviour was whilst the pupil was on work experience, taking part in a course as part of a school programme, participating in a sports event (and in any situation where the pupil is acting as an ambassador for the school) which might affect the chances or opportunities being offered to other pupils in the future.

## 9. The use of reasonable force

There are circumstances when it is appropriate for staff to use reasonable force to safeguard children. Schools do not require parental consent to use force on a pupil. The term 'reasonable force' covers the broad range of actions used by staff that involve a degree of physical contact to control or restrain children. This can range from guiding a child to safety by the arm, to more extreme circumstances such as breaking up a fight or where a young person needs to be restrained to prevent violence or injury. 'Reasonable' in these circumstances means 'using no more force than is needed'. The use of force may involve either passive physical contact, such as standing between pupils or blocking a pupil's path, or active physical contact such as leading a pupil by the arm out of the classroom. The decision on whether to not to use reasonable force to control or restrain a child is down to the professional judgement of the staff concerned and will always depend on individual circumstances.

The Governing Body have taken account of advice provided by the DfE - [Use of reasonable force: advice for head teachers, staff and governing bodies](#) and the school's public sector equality duty set out in Section 149 of the Equality Act 2010.

All members of school staff have a legal power to use reasonable force. This power also applies to people whom the Head teacher has temporarily put in charge of pupils such as unpaid volunteers or parents accompanying pupils on a school organised visit.

Any use of force by staff will be reasonable, lawful, and proportionate to the circumstances of the incident and the seriousness of the behaviour (or the consequences it is intended to prevent). Reasonable force will be used only when immediately necessary and for the minimum time necessary to achieve the desired result and to prevent a pupil from doing or continuing to do any of the following:

- committing a criminal offence;
- injuring themselves or others;
- causing damage to property, including their own;
- engaging in any behaviour prejudicial to good order and discipline at the school or among any of its pupils, whether that behaviour occurs in a classroom or elsewhere.

Force will **never** be used as a punishment.

Whether it is reasonable to use force and to what degree, also depends on the age and understanding of the pupil and whether they have SEND, mental health needs or other health conditions. Medical advice will always be sought about the safest way to hold pupils with specific health needs, special educational needs and disabilities.

Refer to our *Positive Handling, Support and Physical Intervention Procedures* for more information.

### 9.1 Action as a result of self-defence or in an emergency

All staff including teaching assistants, lunchtime supervisors and admin staff have the right to defend themselves from attack, providing they do not use a disproportionate degree of force to do so. Similarly, in an emergency, if for example, a pupil was at immediate risk of injury or at the point of inflicting injury on someone else, any member of staff is entitled to intervene. A volunteer helping in school would not be expected to work with a child who is known to need physical restraint as indicated in their Behaviour Management Plan.

## **9.2 Circumstances in which reasonable force might be used**

Circumstances in which reasonable force might be used include the following:

- Pupils found fighting will be physically separated.
- Pupils who refuse to leave a room when instructed to do so may be physically removed.
- Pupils who behave in a way which disrupts a school event, or a school trip or visit may be physically removed from the situation.
- Restraint may be used to prevent a pupil leaving a classroom, where allowing him or her to do so would risk their safety or lead to disruptive behaviour. This may also include leading a pupil by the arm out of a classroom.
- Pupils at risk of harming themselves or others through physical outbursts will be physically restrained.
- To prevent a pupil from attacking a member of staff or another pupil.
- To prevent a pupil causing injury or damage by accident, by rough play, or by misuse of dangerous materials or an object.

## **9.3 Power to use reasonable force when searching without consent**

In addition to the general power to use reasonable force, the Head teacher and authorised staff can use such force as is reasonable given the circumstances to conduct a search for 'prohibited or illegal' items. See section 4.2 above.

## **9.4 Unreasonable force**

The type of force which will never be acceptable in our school includes<sup>1</sup>:

- holding round the neck or any other hold that might restrict breathing;
- kicking, slapping, or punching;
- forcing limbs against joints (e.g., arm locks);
- tripping or holding by the hair or ear;
- holding face down on the ground.

## **9.5 Staff training**

Members of staff will receive training about the use of reasonable force appropriate to their role and the children they teach to enable them to carry out their responsibilities. This will include training on any restraint techniques which must not be used because they are known to present an unacceptable risk when used on children and young people. Some staff will receive additional training on the appropriate techniques which may be used to physically restrain pupils. The training will be to an approved nationally acceptable level and will be regularly refreshed.

## **9.6 Behaviour Management Plans (BMPs)**

A pupil with a known challenging behaviour, a medical condition which affects behaviour patterns, has special educational needs or where there is evidence or suspicion of self-inflicted harm (i.e., is a risk to themselves) may be the subject of a Behaviour Management Plan. This Plan sets out specific ways in which the behaviour is controlled whilst on school premises and during any off-site visit. It may also include details on managing the pupil's behaviour whilst travelling to school on organised home-school transport.

---

<sup>1</sup> Extract from DFEE Circular 10/98 "Section 500A of the Education Act 1996: The use of force to control or restrain pupils"

By planning positive and proactive behaviour support, through the drawing up of an individual behaviour management plan for more vulnerable children, and agreeing it with parents/carers, we may be able to reduce the occurrence of challenging behaviour and the need to use reasonable force.

In such circumstances, parents will always be made aware of their child's Behaviour Management Plan and will be asked to contribute to the content and control measures implemented in an attempt to apply consistency of sanctions and rewards both in school and at home. Wherever possible and appropriate, the child concerned will also be involved in creating the Behaviour Management Plan.

## **9.7 Informing parents when reasonable force has been used**

In accordance with current good practice, the school will speak to parents or in the case of a cared for child, the Social Worker/Virtual School Head, about serious incidents involving the use of force and will record such serious incidents.

In making a decision about informing parents, the following will be considered:

- the pupil's behaviour and level of risk presented at the time of the incident;
- the degree of force used;
- the effect on the pupil or member of staff concerned; and
- the child's age.

All incidents when 'physical restraint' as opposed to 'physical control' is used will be recorded as soon as possible and details passed on to the Head teacher (or deputy in the absence of the Head teacher) who will follow up the incident where necessary. The following must be recorded:

- all incidents where unreasonable use of force is used;
- any incident where substantial force has been used e.g., physically pushing a pupil out of a room;
- use of restraint;
- all incidents where either the child or the 'handler' is injured because of the intervention;
- an incident where a pupil is distressed though clearly not overreacting.

The following criteria will be used when considering the need for recording:

- (a) Did the incident cause injury or distress to a member of staff or pupil?
- (b) Even though there was no apparent injury or distress, was the incident sufficiently serious in its own right? Any use of restrictive holds, for example, fall into this category;
- (c) Did the incident justify force? This is particularly relevant where the judgement is finely balanced;
- (d) Does recording it help to identify and analyse patterns of pupil behaviour?

If the answer to any of the questions is 'yes', a written record should be made and held in a secure central location or recorded in the bound Record of Physical Intervention book (blue) and all other notes taken at the time are to be kept.

In all instances of the use of physical restraint, parents will be informed the same day, by phone, and invited into the school to discuss the incident unless to do so would result in significant harm to the pupil, in which case, the incident will be reported to the LA Safeguarding Hub by the Head teacher/DSL.

All injuries will be reported and recorded in accordance with school procedures.

## **9.8 Post incident support**

Serious incidents can create upset and stress for all concerned. After the incident ends it is important to ensure any staff and pupils involved are given first aid treatment for any injuries. Emotional support may also be necessary. Where required, immediate action will be taken to access medical help for any injuries that go beyond basic first aid. The school will then decide how and when to contact the parents of the pupil to engage them in discussing the incident and setting out subsequent actions. After the incident, the Head teacher and/or other staff will:

- (a) ensure the incident has been recorded;

- (b) decide whether multi-agency partners need to be engaged and, if so, which partners;
- (c) hold the pupil to account so that he or she recognises the harm caused or which might have been caused. This may involve the child having the chance to redress the relationship with staff and pupils affected by the incident. It may also mean the child is excluded. See section 4.3 above.
- (d) help the pupil develop strategies to avoid such crisis points in the future and inform relevant staff about these strategies and their roles;
- (e) ensure that staff and pupils affected by the incident have continuing support, if necessary, in respect of:
  - physical consequences
  - emotional stress or loss of confidence
  - analysis and reflection of the incident

## 9.9 Follow up

In many cases there will be a follow-up meeting of key personnel to discuss the restraint incident and review the Behaviour Management Plan or other plans for pupils. It might also be appropriate to review the school Behaviour Policy and/or supporting procedures.

## 9.10 Other physical contact with pupils

This school does not operate a 'No touch Policy'. There are occasions when physical contact, other than reasonable force, with a pupil is proper and necessary.

- Holding the hand of the child at the front/back of the line when going to assembly or when walking together around the school.
- When comforting a distressed pupil.
- When a pupil is being congratulated or praised.
- To demonstrate how to use a musical instrument.
- To demonstrate exercises or techniques during PE lessons or sports coaching.
- To administer first aid.
- To apply sunscreen to the arms, face, or lower legs of very young pupils or those with special educational needs who might struggle to apply it appropriately themselves.

## 10. Mental health and behaviour

This school recognises that taking a coordinated and evidence-informed approach to mental health and wellbeing in school, as outlined in the latest edition of the [Promoting children and young people's mental health and wellbeing - a whole school or college approach](#) issued by the Children and Young People's Mental Health Coalition, leads to improved pupil emotional health and wellbeing which can help readiness to learn.

All staff and other adults are made aware through regular training updates that mental health problems and changes in behaviour can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.

Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Staff and other adults, however, are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one.

Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. It is key that staff are aware of how these children's experiences, can impact on their mental health, behaviour, and education.

If staff need more specific guidance on this, we can refer to the DfE guidance [Mental health and behaviour in schools](#) for support and our [Mentally Healthy Schools Resources](#).

## 11. Child on child abuse

Please refer to our separate policy on Child on Child Abuse.

## 12. Sexual violence and sexual harassment (SVSH)

Sexual violence and sexual harassment can occur between two children of **any age and sex**. It can occur through a group of children sexually assaulting or sexually harassing a single child or group of children. Sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and face to face (both physically and verbally) and are never acceptable.

We recognise, acknowledge and understand the scale of harassment and abuse in schools generally and that even if there are no reports in this school, it does not mean it is not happening, it may be the case that it is just not being reported.

We have a **zero-tolerance** in relation to any form of sexual discrimination, sexual violence, or sexual harassment amongst or directed at staff or pupils in the school.

We believe that it is essential that all victims of SVSH are reassured that they are being taken seriously and that they will be supported and kept safe. A victim will never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor will a victim ever be made to feel ashamed for making a report.

We will consider sexual harassment in broad terms and understand that sexual harassment (as set out below) creates a culture that, if not challenged, can normalise inappropriate behaviours and provide an environment that may lead to sexual violence.

### 12.1 Types of SVSH conduct

Types of conduct that is inappropriate and may constitute sexual violence or sexual harassment include, but are not limited to, the following:

- unwelcome sexual flirtations or propositions, invitations, or requests for sexual activity;
- sexual comments, such as telling sexual stories, making lewd comments or sexual remarks about clothing and appearance, and calling someone sexualised names;
- sexual “jokes” or taunting, threats, verbal abuse, derogatory comments, or sexually degrading descriptions;
- unwelcome communication that is sexually suggestive, degrading or implies sexual intentions, including written, verbal, online etc.;
- physical behaviour, such as deliberately brushing against someone or interfering with someone’s clothes, grabbing bottoms, breasts and genitalia, pulling down trousers, flicking bras and lifting up skirts. Consideration will be given to when any of this crosses a line into sexual violence (potentially criminal in nature) – it is important to talk to and consider the experience of the victim;
- displaying pictures, photos or drawings of a sexual nature;
- exposing, or causing exposure of, underclothing, genitalia, or other body parts that are normally covered by an individual, through means including, but not limited to, mooning, streaking, “upskirting” (which is a criminal offence), “down blousing”, or flashing;
- purposefully cornering or hindering an individual’s normal movements;
- online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence. It may include:
  - consensual and non-consensual sharing of nude and semi-nude images and/or videos. Taking and sharing nude photographs of U18s is a criminal offence. [UKCIS Sharing nudes and semi-nudes: advice for education settings working with children and young people](#) provides detailed advice for schools and colleges.
  - sharing of unwanted explicit content;
  - sexualised online bullying;
  - unwanted sexual comments and messages, including on social media;
  - sexual exploitation coercion and threats; and,
  - coercing others into sharing images of themselves or performing acts they are not comfortable with online.

## 12.2 Managing a report of SVSH

We will consider every report on a case-by-case basis. How the school responds to a report can encourage or undermine the confidence of future victims of sexual violence and sexual harassment to report or come forward.

It is essential that all victims are reassured that they are being taken seriously, regardless of how long it has taken for them to come forward and that they will be supported and kept safe. Abuse that occurs online or outside of the school will not be downplayed and will be treated equally seriously. All concerns/allegations of child on child abuse will be handled sensitively, appropriately and promptly. The way in which they are responded to can have a significant impact on the school environment.

It is important to understand that children may not find it easy to tell staff about their abuse verbally. Children can show signs or act in ways that they hope adults will notice and react to. In some cases, the victim may not make a direct report. For example, a friend may make a report, or a member of school staff may overhear a conversation that suggests a child has been harmed or a child's own behaviour might indicate that something is wrong.

Sanctions for incidents of SVSH will be determined based on the nature of the case, the ages of those involved and any previously related incidents. In some cases, the school may involve Local Authority Children's Social Care or the Police where it is determined that a crime has been committed.

A [KAHSC Model Response to reports of child on child sexual violence and sexual harassment flowchart](#) is available to download from the KAHub.

**Immediate** consideration will be given as to how best to support and protect the victim and the alleged perpetrator(s) and any other children involved/impacted including siblings and other close relatives.

Consideration will also be given to the wishes of the victim in terms of how they want to proceed. This is especially important in the context of sexual violence and sexual harassment. Victims will be given as much control as is reasonably possible over decisions regarding how any investigation will be progressed and any support that they will be offered. This will, however, be balanced with the school's duty and responsibilities to protect other children.

We will do all we reasonably can to protect the anonymity of any children involved in any report of sexual violence or sexual harassment, carefully considering, based on the nature of the report, which staff should know about the report and any support that will be put in place for the children involved. We will also consider the potential impact of social media in facilitating the spreading of rumours and exposing victims' identities.

- Staff who observe or suspect any form of child on child abuse (including sexual violence or sexual harassment) must inform the DSL as soon as possible so that further investigations can take place. It is important to understand that children may not find it easy to tell staff about their abuse verbally and that additional barriers such as the child's vulnerability, disability, sex, ethnicity and/or sexual orientation may be a factor.
- Staff, and this could be anyone in the school who the child trusts, must not promise confidentiality at the initial stage as it is very likely a concern will have to be shared with the DSL to discuss next steps. Information must only be shared with those people who are necessary in order to progress the report and the child should be informed what the next steps will be and to whom the report will be passed.
- When an allegation is made by a pupil against another pupil, members of staff should consider whether the complaint raises a child protection concern. If there is a child protection concern the DSL must be informed as soon as possible.
- Reports that include an online element will be carefully managed in line with the DfE advice for schools on [Searching, screening and confiscation](#). Staff will not view or forward illegal images of a child but will discuss with the DSL whether it may be more appropriate to confiscate any devices to preserve any evidence and hand them to the Police for inspection.
- A factual written or electronic record will be made of the concern/allegation, but no attempt at this stage should be made to investigate the circumstances.
- The DSL should contact the LA Safeguarding Hub (see details above) to discuss the case. It is possible that Safeguarding Hub is already aware of child protection concerns around this young person. The DSL

will follow through the outcomes of the discussion and make a referral of either one or all of the pupils involved where appropriate.

- The DSL will make a written or electronic record of the concern, the discussion and any outcome and keep a copy in the files of both/all pupils.
- If the concern/allegation indicates a potential criminal offence has taken place e.g. rape, assault by penetration, sexual assault, sexual violence or sexual harassment (regardless of the age of the alleged perpetrator(s), the Police must be contacted at the earliest opportunity and parents informed (of both the pupil being complained about and the alleged victim). See [When to call the Police](#) for further guidance.
- The school will consider how best to keep victims and alleged perpetrators of sexual violence a reasonable distance apart while on school premises and, where relevant, on transport to and from school. While the facts are being investigated, the alleged perpetrator should be removed from any classes that they share with the victim. This is in the best interests of both children and should not be perceived to be a judgement on the guilt of the alleged perpetrator.
- It may be appropriate to exclude the pupil being complained about for a period of time in accordance with this Policy and procedures.
- Where a criminal investigation into sexual assault leads to a conviction or caution, we will consider any additional sanctions in light of this Policy including consideration of permanent exclusion. In any action we take, the nature of the conviction or caution and wishes of the victim will be taken into account.
- Both the immediate and future needs of the victim, the alleged perpetrator and any other children involved/affected will be assessed and, where necessary appropriate plans and strategies put in place.
- Where neither the Local Authority Children's Social Care nor the Police accept the complaint, a thorough school investigation should take place into the matter using the School's usual disciplinary procedures.
- In situations where the school considers a child protection risk is present, a risk assessment should be prepared along with a preventative, supervision plan.
- The plan should be monitored, and a date set for a follow-up evaluation with everyone concerned.

### 12.3 Internal Management of reports of SVSH

Ultimately, any decisions are for the school to make on a case-by-case basis, with the DSL (or deputy) taking a leading role and using their professional judgement, supported by other agencies, such as Children's Social Care and the Police as required.

Whatever the response, it will be underpinned by the principle that there is a **zero-tolerance** approach to sexual violence and sexual harassment and it is never acceptable and will not be tolerated. Where behaviour between children is abusive or violent, the incident will be dealt with using methods such as an Early Help Assessment or where necessary a referral to the LA Children's Social Care or the Police. However, where support from local agencies is not available or the incident is considered to be inappropriate or problematic, the school may need to handle allegations/concerns internally. It may be appropriate to handle the incident using this Policy and procedures and the procedures to be followed in the case of bullying. All concerns, discussions, decisions and reasons for the decisions will be recorded either in writing or electronically. The services of external specialists may be required to support the process.

### 12.4 Sanctions

Before deciding on appropriate action, the school will always consider its duty to safeguard all children from harm; the underlying reasons for the alleged perpetrator(s) behaviour; any unmet needs, or harm or abuse suffered by the child; the risk that the child may pose to other children; and the severity of the abuse and the causes of it.

Taking disciplinary action and still providing appropriate support are not mutually exclusive actions. They can, and should, occur at the same time if necessary.

It is good practice for the school (DSL) to meet the victim's parents with the victim present to discuss what arrangements are being put in place to safeguard the victim and understand their wishes in terms of support they may need and how the report will be progressed.

It is also good practice for the school (DSL) to meet with alleged perpetrator's parents to discuss any arrangements that are being put into place that impact an alleged perpetrator, such as, for example, moving

them out of classes with the victim and what this means for their education. The reason behind any decisions will be explained. Support for the alleged perpetrator will also be discussed.

Sanctions may include additional supervision of the pupil or protective strategies if the pupil feels at risk of engaging in further inappropriate or harmful behaviour.

The school response might include a sanction (in accordance with this Policy and procedures) such as a detention, SLT supervision or a fixed-term exclusion to allow the pupil to reflect on their behaviour.

The school will, where appropriate, consider the potential benefit, as well as challenge, of using managed moves or exclusion as a response, and not as an intervention, recognising that even if this is ultimately deemed to be necessary, some of the measures referred to in this Policy may still be required.

A permanent exclusion will only be considered as a last resort and only where necessary to ensure the safety and wellbeing of other children in the school or, where the Head teacher, in their absolute discretion, considered the actions of the pupil(s) has damaged the school's ethos or reputation.

Disciplinary interventions alone are rarely able to solve issues of child on child abuse, and the school will always consider the wider actions that may need to be taken, and any lessons that may need to be learnt going forward.

Part five of [Keeping Children Safe in Education](#) provides examples of situations where specific sanctions have been utilised.

### **13. Bullying**

In addition to the sections below, we have a separate Child on child abuse Policy and procedures, a copy of which is available on request from the school office. We have separate policy on anti-bullying which includes a definition of the various forms of bullying, and how we tackle this issue at Rosley CE School.

### **14. Suspected Criminal Behaviour including the possession/use of drugs**

In cases when a member of staff or the Head teacher suspects criminal behaviour including the use of or possession of volatile substances or illegal drugs, the school will make an initial assessment of whether an incident should be reported to the Police only by gathering enough information to establish the facts of the case. These initial investigations will be fully documented, and every effort will be made to preserve any relevant evidence.

Once a decision is made to report the incident to Police, we will ensure any further action they take does not interfere with any Police action taken. However, we retain the discretion to continue investigations and enforce our own sanctions so long as it does not conflict with Police action.

When making a report to the Police, it will often be appropriate to make in tandem a report to LA Children's Social Care. As set out in [Keeping Children Safe in Education](#), it would be expected in most cases that the DSL (or deputy) would take the lead.

Reports of child on child sexual violence and abuse can be especially difficult to manage and Part 5 of [Keeping Children Safe in Education](#) provides additional guidance.

#### **14.1 When to contact the Police/sanctions**

The Police will always be contacted in situations where controlled drugs are found unless there is good reason not to do so. In these cases, the member of staff must safely dispose of the drugs. In determining whether there is a good reason to dispose of controlled drugs, the member of staff should take account of all relevant circumstances and use their professional judgement to determine whether they can safely dispose of the controlled drug. When staff are unsure as to the legal status of a substance and have reason to believe it may be a controlled drug, they should treat it as such. If the member of staff is in doubt about the safe disposal of controlled drugs, they should deliver them to the police. Other substances which are not believed to be controlled should also be delivered to the Police, or disposed of as above, if the member of staff believes they could be harmful. Any decisions made on the appropriate sanctions to impose will consider the advice of the Police. Further advice on this subject can be found in the NPCC guidance document [When to call the Police – Guidance for schools and colleges](#).

If other substances are found which are not believed to be controlled drugs, but the member of staff believes they could be harmful, these will be confiscated and disposed of in accordance with the school's procedures. This would include, for example, so called 'legal highs'.

In the event of a drug-related incident in the school, the school would co-operate with the Police should they wish to search the premises. Under no circumstances will individual pupils be searched on the school premises by anyone other than school staff unless they are accompanied by a parent or appropriate adult designated by the Head teacher.

As a result of a drug-related incident, the pupil(s) concerned will be subject to sanctions. This action may result in a fixed term exclusion and in the most serious of cases would result in permanent exclusion.

#### **14.1 Procedures for dealing with alcohol or drug-related incidents involving adults**

The following examples are situations where concerns about alcohol or drug misuse or related behaviour involve a parent or other adult rather than pupils:

- Adults may attend school premises under the influence of alcohol or drugs.
- A parent or adult may attempt to remove a child from school premises during or at the end of the school day whilst under the influence of alcohol or drugs.
- An adult may behave aggressively, intimidate or threaten staff or assault school staff or pupils whilst appearing to be under the influence of alcohol or drugs.
- School staff may be concerned that a parent or family member's drug misuse may put the child at risk.
- An adult may be involving pupils in drug misuse or the supply of drugs to pupils.

These examples are not exhaustive and, in each case, the Head teacher will consider the safety of the whole school community including staff when determining the appropriate course of action.

Where, in the opinion of school staff, it is thought that an adult is unable to provide appropriate care and supervision of a child because they are under the influence of drugs or alcohol, they will first attempt to contact an alternative adult carer for the child before contacting the LA Social Care Services and, if necessary, the Police.

Where there are concerns over the safety of the child, school staff will attempt to persuade the adult not to leave the premises with the child until appropriate assistance arrives. If the adult insists on leaving the school, staff will immediately contact the Police. This will also be the case if an adult becomes threatening or aggressive.

If school staff have concerns about an adult or adults supplying drugs on or near school premises, or to any of the pupils outside school premises, the Head teacher or other member of staff will consult with the Police.

### **15. Allegations of abuse/concerns against staff and other adults working in the school (including volunteers, contractors and supply staff)**

All children and adults have a fundamental right to be protected from harm. All allegations of abuse will be taken seriously. (For more information, refer to the School Allegations procedure which forms part of the Child Protection Policy and procedures).

To fulfil its commitment to the welfare of children, this School has a procedure for dealing with allegations of abuse/concerns against members of staff, supply staff, volunteers, contractors and other children.

The procedure aims to ensure that all allegations are dealt with fairly, consistently, and quickly and in a way that provides protection for the child, whilst supporting the person who is the subject of the allegation.

Where an allegation is made against supply staff employed by an Agency, the school will take the lead and will collect the facts when an allegation is made. In such cases, we will involve the Agency in any further investigations and follow-up procedures.

If a member of staff has a general concern about malpractice within the school, reference can also be made to the school's Whistleblowing procedures and procedures for reporting low-level concerns about another

adult who works with children in the school. Further information on how to report low-level concerns is outlined in the school's Code of Conduct for staff and other adults.

If an allegation is shown to be deliberately invented or malicious, the school will consider whether any disciplinary action is appropriate against the individual who made it in line with this Policy and procedures.

The procedure complies with the framework for managing cases of allegations of abuse/low-level concerns against people who work with children, as set out in Part four of the DfE statutory guidance [Keeping Children Safe in Education](#) and the Cumberland Safeguarding Children Partnership (CSCP) [Core procedures](#).

## **16. Behaviour of parents and other visitors to the school**

The school encourages close links with parents and the community. We believe that pupils benefit when the relationship between home and school is a positive one. Most parents and others visiting our school are keen to work with us and are supportive of the school. However, on the rare occasions when a negative attitude towards the school is expressed, this can result in aggression, threatening behaviour, written, verbal and/or physical abuse towards a member of the school community.

Violence, threatening behaviour and abuse against school staff or other members of the school community will not be tolerated. When formulating our procedures, reference was made to the DfES document [A Legal toolkit for schools – Tackling abuse, threats and violence towards members of the school community](#) and DfE non-statutory guidance [Controlling access to school premises](#). A poster indicating that such negative behaviour is not acceptable is displayed in the school reception area.

Our school expects and requires staff to behave professionally in these difficult situations, and to attempt to defuse the situation where possible, seeking the involvement as appropriate of other colleagues. However, all members of the school community (including other parents and visitors) have the right to visit and work without fear of violence and abuse, and the right in an extreme case, of appropriate self-defence.

We expect parents and other visitors to behave in a reasonable way towards other members of the school community. The following outlines the steps that will be taken where parent or visitor behaviour is unacceptable.

### **16.1 Types of behaviour that are considered serious and unacceptable**

The following list outlines the types of behaviour that are considered serious and unacceptable and will not be tolerated towards any member of the school community. This is not an exhaustive list but seeks to provide illustrations of such behaviour:

- Shouting, either in person or over the telephone
- Speaking in an aggressive/threatening tone
- Physical intimidation e.g., standing very close to her/him
- The use of aggressive hand gestures/exaggerated movements
- Physical threats
- Physical/verbal abuse against either a pupil or adult
- Shaking or holding a fist towards another person
- Swearing
- Pushing
- Hitting, e.g., slapping, punching, or kicking
- Spitting
- Racist, sexist, defamatory or other derogatory comments or abuse
- All types of sexual violence and sexual harassment as outlined above
- Sending inappropriate or abusive e-mails to school staff or to the general school e-mail address
- Publishing or posting derogatory or inappropriate comments which relate to the school, its pupils or staff/volunteers on a social networking site
- Breaking the school's security procedures

Unacceptable behaviour may result in the Police being informed of the incident.

## 16.2 Procedures for dealing with unacceptable behaviour

When a parent or member of the public behaves in an unacceptable way during a telephone conversation, staff at the school have the right to terminate the call. The incident will be reported by staff to the Senior Management Team. The school reserves the right to take any necessary actions to ensure that members of the school community are not subjected to verbal abuse. The school may warn the aggressor, temporarily or permanently ban them from the school site, and/or contact the Police.

When any parent or visitor behaves in an unacceptable way in person towards a member of the school staff a member of the Senior Management Team will seek to resolve the situation through discussion and mediation. If necessary, the school's complaints procedure should be followed. Where all procedures have been exhausted, and aggression or intimidation continues, or where there is an extreme act of violence, the discussion will be terminated, and the visitor will be asked to leave the school immediately. It is an offence under Section 547 of the Education Act 1996 (as amended by Section 206 (schedule 20) of the Education Act 2002) for any person (including a parent/carer) to cause a nuisance or disturbance on school premises. The Police will be called if necessary. The perpetrator may also be banned from the school premises for a period, which will be determined by the school.

Prior to a ban being imposed, the following steps will be taken:

- Depending on the severity of the incident, the individual may first be issued with a written warning stating that if a similar incident occurs, the individual concerned will be banned (temporarily or permanently) from the school premises.
- In more serious cases, the individual will be informed, in writing, that she/he is banned from the premises temporarily, subject to review, and what will happen if the ban is breached.
- Extreme incidents will result in a permanent ban being enforced immediately. The individual will be informed in writing of the permanent ban but will be given the right to appeal in writing against the decision.
- In all cases, individuals will be given the opportunity to discuss any issues relating to their child with school staff.
- Incidents of verbal or physical abuse towards staff or pupils may result in the Police being informed and may result in prosecution.

If an individual is intimidating, threatening or aggressive towards a member of the school community any interaction will be terminated immediately, and the person will be instructed to leave the premises. The school may take further action.

The school will take action where behaviour is unacceptable or serious and breaches this Behaviour Policy and procedures.

## 16.3 Unacceptable use of technology

The school takes the issue of unacceptable use of technology by any member of the school community very seriously.

We expect parents and other adults within the school community to act responsibly when using online technologies. The expectation of parents is set out on page 10. Failure to comply with these expectations could result in parents and/or other adults being banned either temporarily or permanently from the school site, and the incident may be reported to the Police.

Acceptable Use Agreements exist for pupils, staff and governors of the school and form part of our Online Safety Policy and procedures.
